MY MANIFESTO

Empowering ICTAZ: Uniting for inclusive Growth, Influential Governance and Dynamic Innovation Nationwide!

ECTOR MAKALIKI FOR ICTAZ VICE PRESIDENT - 2024

5th APRIL, 2024 - LIVINGSTONE

#Unlocking-ICTAZ-full-potential.

**Vote for Ector Makaliki as
ICTAZ Vice President 2024.**

MY PROFILE

I am a Senior ICT Specialist with proven extensive expertise and experience in the ICT industry spanning over 19+ years with most years served at senior management level.

I have garnered experience across diverse sectors, encompassing mining, education, agronomy, and energy, while serving in various capacities within both public and private institutions.

I have, over the past 7 years, been representing INDENI Petroleum Refinery Company Limited, now INDENI Energy Company Limited on the Board Technical and Purchasing committee.

I am currently part of the committee working on the formulation of the 2023-2026 National Energy Sector ICT Strategic Plan and also a member of the ICTAZ Membership Board.

MY PROFILE

Some of my key driving factors that have influenced me to offer my services as ICTAZ Vice President have been to drive the process of unlocking the untapped potential within ICTAZ and the industry which include, but not limited to, the untapped influence and advocacy frameworks coupled with nurturing ICT talent and skills across all gender

As I set forth on this thrilling path toward the imminent ICTAZ elections, I am excited to seize this exceptional chance to convey my visionary goals and aspirations. With a steadfast commitment to propelling ICTAZ into the future, I believe I represent innovation, advancement, and inclusivity.

In addition, I am committed to fostering ICT professional inclusivity across all regions covering the Northern, Lusaka, and other areas across the country.

MY INVOLVEMENT WITH ICTAZ

01

Having been involved with ICTAZ since its inception, I have and continue to apply extra ordinary passion in supporting the association to its current status by consistently and practically supporting its growth and evolution.

02

Over the years, I have tangibly contributed to various aspects of the association's development which played a significant role in my elevation from an ordinary member to Fellow membership some years ago. I served on the 2019 ICTAZ Electoral Commission and have actively participated in the constitutional reforms.

03

While acknowledging and building on the contributions of past leaders, I believe that I am bringing a unique perspective and energy to ICTAZ at a very strategic level by infusing fresh ideas and vigor into the association.

04

Drawing from my extensive experience and track record in the industry, which includes establishing new ICT departments, designing frameworks, crafting national-level strategic plans, and mentoring numerous individuals through various ICT initiatives, I am confident in my ability to make a meaningful impact and eager to uphold the standards set by ICTAZ by introducing innovative solutions to further enhance the membership and association platforms posture.

A FORCE TO RECKON WITH

My extensive experience, unwavering dedication, and innovative vision make me supremely qualified for the role of ICTAZ Vice President.

My Manifesto in Summary

My Manifesto, My ICTAZ Vision and Strategy is built on these 4 Essential Pillars with a general focus centered on unlocking the potential of ICTAZ with more industry recognition across Zambia and build a nationwide awareness across the country and the entire ICT fraternity through transformed services anchored on innovation, integrity, good governance and excellence!

DISCLAIMER

Lets start with a disclaimer:

The opportunity for elections signifies a chance to propel the association to new heights. It is not a time for sympathy votes but rather an opportunity to vote for capable and proven leadership. The decision rests in your hands to advance the association through partnering with Ector Makaliki as your ICTAZ Vice President.

1st PILLAR - INCLUSIVITY

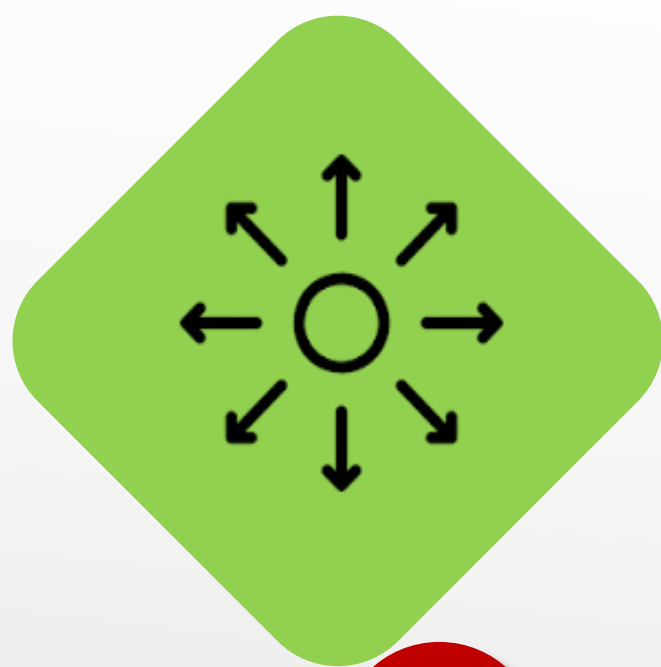

- Establish National Inclusiveness & Results Oriented Culture

01

It's now crucial to bring a very strong, strategic and harmonizing ICTAZ voice across the whole Country. I Will bring onboard all stakeholders both private and public, including other national and international associations for that needed collaboration.

02

I will Forge robust relationships with all stakeholders, including ICT users, suppliers, and strategic partners, this being crucial for the association's long-term success. This will be accomplished without compromise. No sector will be left out in our engagements.

2nd PILLAR - ADVOCACY

- Build Strong Industry Influence and Advocacy

01

I believe in ICTs being that catalyst for economic transformation and so I will work to provide a conducive environment for all sector participation to the benefit of our members.

02

My advocacy will extend to influencing industry adaptations of ICT Organogram conforming to modern standards. I will equally pursue a channel of positive influence in industry placements of all ICT staff and players, pushing for inclusiveness of ICT Experts within our industry sectors.

03

I will labour to promote investments of ICT in nature, supporting entrepreneurial initiatives through the establishment of interoperable digital platforms. Channels of support through stakeholder agreements to provide key incentives will be established.

2nd PILLAR - ADVOCACY Cont.

- **Build Strong Industry Influence and Advocacy**

04

I will oversee the creation and updating of a database of ICT businesses and their products and services enhanced with a searchable mapping of experts within the membership ICT fraternity.

05

Establish awareness programs, lobby for tax incentives and easy access to ICT related products and services.

06

I will broaden the association's advocacy efforts, including Corporate Social Investment (CSI), to instill a culture of information security awareness among the public.

3rd PILLAR - GOVERNANCE

- Establish the Association on Solid Governance and Leadership Transformation

01

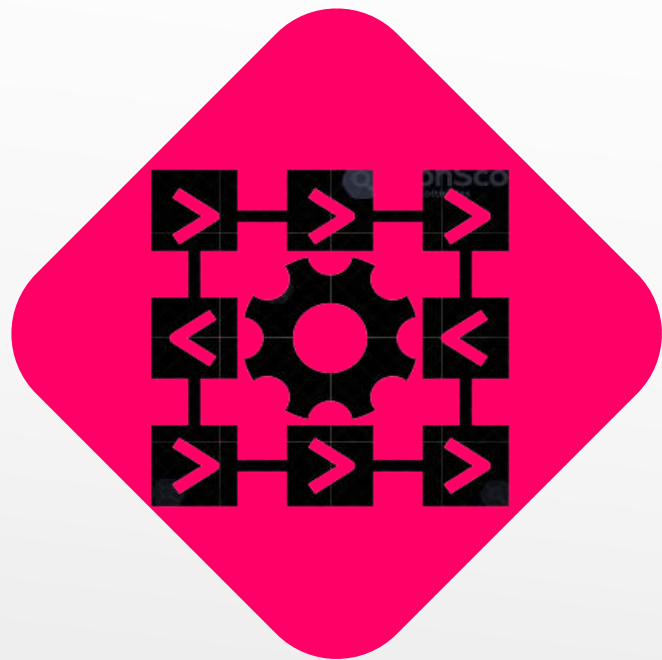

I am here to set in a legacy of demonstrated High standards on governance and leadership. The association needs that positive change and impact for the association and its populace. With demonstrated leadership, my focus will be on achieving excellence in accountability, integrity, and adherence to professional industry standards.

02

Transparency and Accountability: Implement measures to ensure transparency in decision-making processes and financial management. This could include regular reporting to members, open meetings, and clear documentation of procedures.

03

I am committed to unleashing the association's untapped potential by leveraging its established status under Act No. 7 of 2018 and SI 86 of 2018. My focus will be on enhancing inspection and regulatory coverage across all regions of the country.

4th PILLAR - DYNAMISM

- Stay Agile, Innovative and Strategic with Excellence

01

I pledge to bring on board a proven record of expertise in policy and strategy formulation, their implementation and management at both organizational and national levels.

02

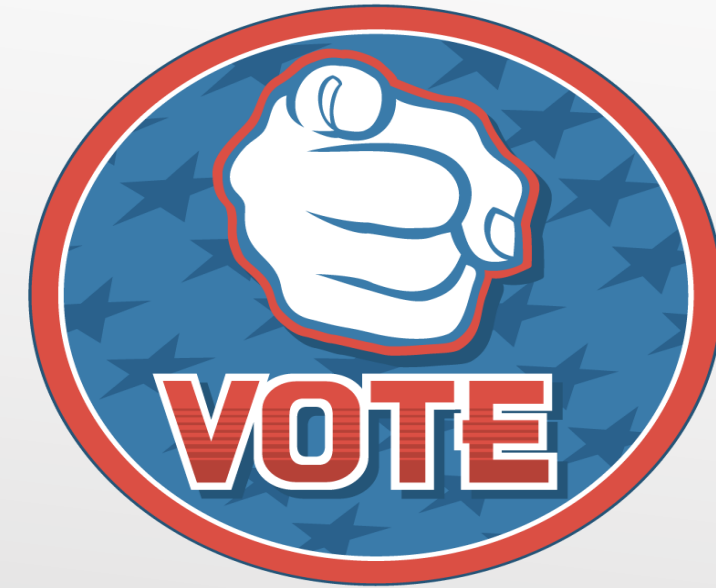

During my tenure ICTAZ's strategic plans will be accompanied by clear action plans, adaptable and open to change, innovative and overly aligned with well-defined clear goals and objective.

03

Research and development will be a cornerstone to adoptions of local ICT solutions and influence in the needed transformational digital economy through ICTs.

THANK YOU FOR YOUR VOTE
